Make the most of every occasion with a professionally created portrait from Alpha-Omega Productions.

In every life, there are times worth celebrating and commemorating! Engagements, weddings, births and birthdays, christenings, bar mitzvahs, graduations, anniversaries and career achievements are all milestone moments.

Whatever the occasion, let us capture the moment for posterity in a professionally created work of art that will preserve and protect it for a lifetime.

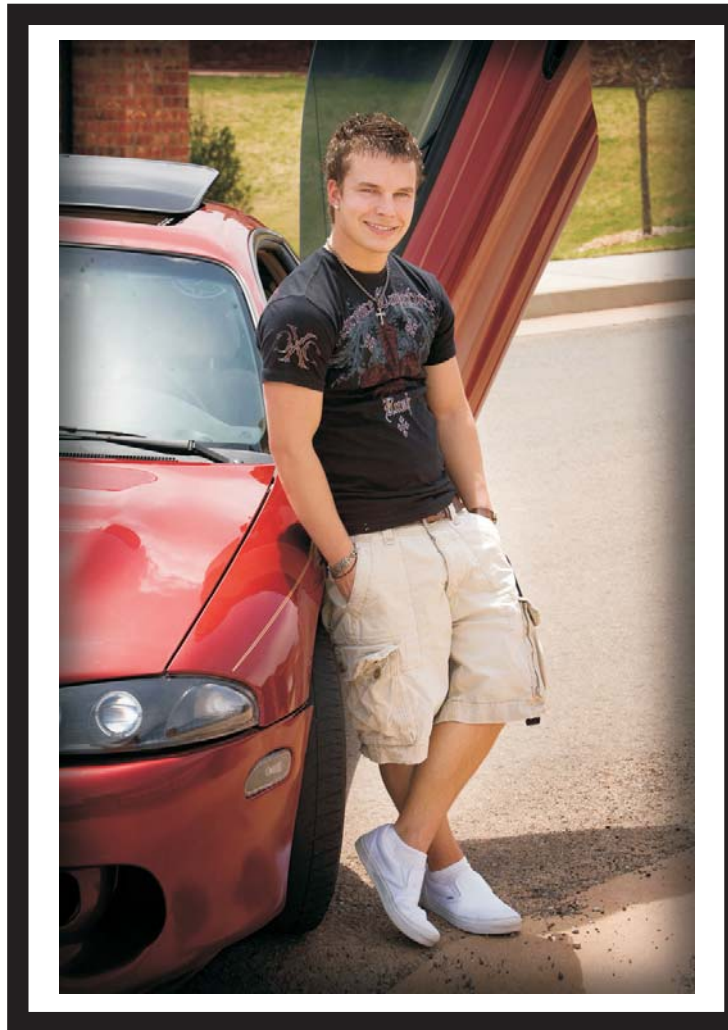

We have a wide variety of backgrounds and props to choose from for your sitting. Come and see our selection of hand painted muslins and portrait backgrounds that will complement you and your personality.

Only the finest of materials, and state of the art equipment are used for our photography. Your images will be produced on *Kodak* professional paper and since I personally photograph each and every sitting at the studio, you can be assured of a consistent and quality product.

There is a \$25.00 sitting fee which will allow you various clothes changes and 10-12 poses. For outdoor or location photography the sitting fee is \$50.00.
