Randy Lusk Photographer

Your wedding will be one of the most memorable occasions of your life. The dreams for tomorrow. A declaration of love. Capture the magic of your wedding with professional wedding photography. Now is the time to plan. We'd be happy to help you make this a special day you can relive again and again in photographs.

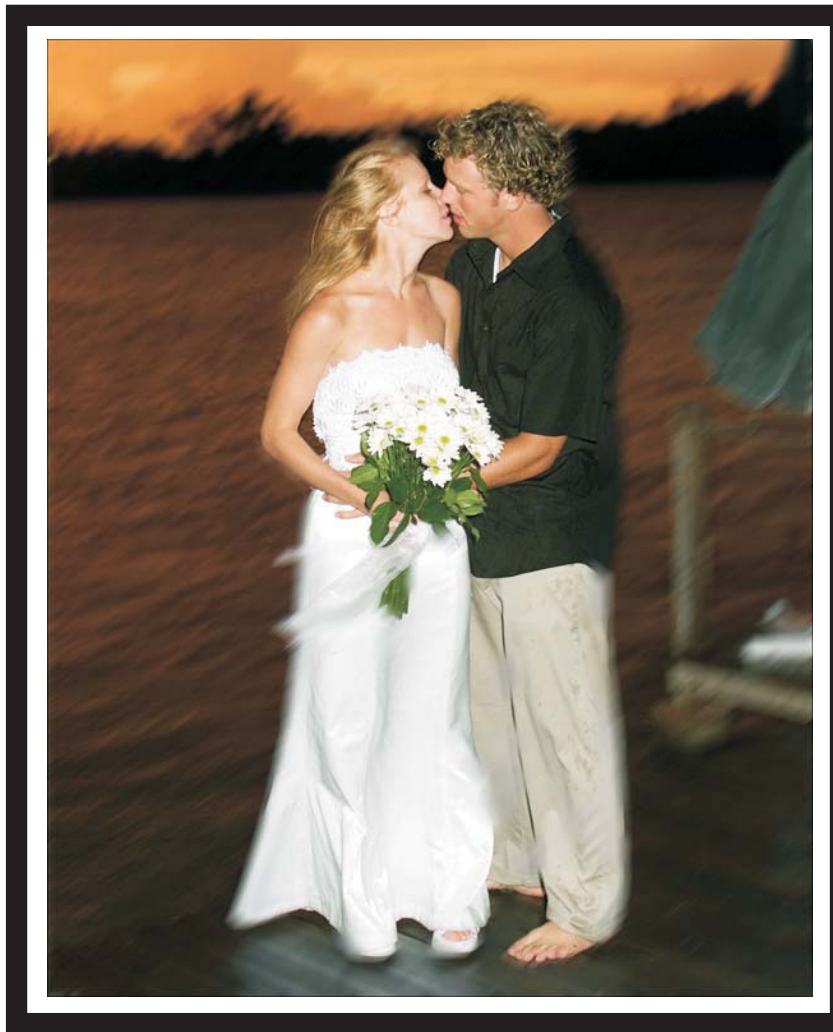

Our coverage includes traditional portraits and photo journalist style with the latest in hi resolution digital cameras. We start 1 ½ hours before the ceremony with the pre-bridal portraits, starting with the bride, bridesmaids, parents, and other family members. Then the grooms portraits, which would include the groomsmen, parents, and any other special people that you may want to include. Following the portraits we would take candid's of those special moments preceding the ceremony, and then during the ceremony. (no flash) After the ceremony the wedding party would return to the altar for group photographs. We will take a maximum of 15 minutes to do these photographs, so to give you more time with your guests and not interrupt the flow of the wedding. Lastly, would be your reception, cake cutting, bouquet & garter toss, and leaving photographs.

The photographer would take as many photos as you wish, usually 200 to 300, and deliver them to you in an order booklet, where you get to choose the ones that you want for your custom wedding album. Also within a matter of days after the wedding, your photos can be viewed on our web site. Imagine your excitement when, while still on your honeymoon from anywhere in the world you can log on to the internet and view your photos! You will then choose the photos that you want, and we will assemble them for you in a beautiful custom bound **Art Leather™ Album**. You may choose 8x10's, 5x7's, 4x5's or a mixture of all sizes with no additional charge. The important thing is that you get to put it together the way that you want!

We do require a \$300.00 deposit to reserve your date, with the balance due 1 week before the wedding.
